Dimensions

Depth	9.02
Height	15.8
Width	7 1/29

Features

Jar Size (oz)	56
Number of Speeds	5
Jar Material	BPA Free
Jar Style	Square, Single-Wall Jar
Cleaning Cycle	Yes
Drive System	Metal Coupler
Base Material	Die Cast
Blade Design	Stainless Steel
Jar Size Marked (oz)	56
Pre-Set Recipe Programs	4
Intelli-Speed® Motor Control	Yes

Features

Soft Start®	Yes
Motor Type	1.5 Peak HP
Pulse	Yes
Series	K400 Series

Electrical

Plug Type	3 Prong Cord
Power Cord Length (ft.)	3.5
Watts	1200
Volts	120

The performance to deliver the perfect taste for every blend. The K400 variable speed blender's 3-part blending system easily blends even the toughest ingredients for a consistent texture. The ribbed jar design creates a powerful vortex, pulling ingredients into the unique asymmetric blade that cuts at four distinct angles, ensuring your ingredients are thoroughly blended. The Intelli-Speed® Motor Control then senses contents and maintains the optimal speed to power through all ingredients, from kale to almonds and more. Whether you're creating fruit smoothies or prepping a fresh marinade for a dinner party, control the taste and texture of your blends with the 5-speed variable speed dial, or use the 3 Preset Recipe Programs: Ice Crush, Icy Drinks, and Smoothie. Experience the power of the K400 for yourself under our 90-Day Money-Back Guarantee*. *Receipt required. Visit https://www.kitchenaid.ca/en_ca/countertop-appliances/blenders/guarantee.html for terms and conditions.
