Martens Dining Bench Tan Leather

Bench seating, but make it considered. Martens brings a dining moment some lounge-level comfort with an open barrel back that keeps the room feeling light. A continuous curve runs from leg to frame, wrapping you in a clean, uncluttered outline. Tan top-grain leather tops plush foam over plywood, while the iron frame and armrests add structure and a hint of formality. Pull it up—two or three fit, easy and the back stays open for easy conversation.

- Open Barrel Back: Airy barrel-style back and continuous curved frame create a clean outline that looks light, yet still feels grounded at table.
- Top-Grain Leather: Tan 100% top-grain leather upholstery brings a smooth finish, paired with foam cushioning and plywood support for everyday comfort at meals.
- Continuous Iron Frame: Iron legs flow into the frame in one continuous curve, adding stability and keeping the bench visually uncluttered from every angle.
- Shared-Space Seating: Generously padded seat and supportive arms make it easy to settle in, with room for two or three diners side by side.
