Brand: Hooker Furniture

Product Description: A tribute to the incredible strength and fortitude of those affected by breast cancer, the Eternal Chest features reverse painted glass and watercolor-like pink hues complemented by silver accents, ribbed silver legs and silver-finished round metal knobs. The five self-closing drawers have pink interiors.

Collection Features: Hooker Furniture, a division of Hooker Furnishings, partners with Susan G. Komen[®] for a licensed accents collection. The partnership is a furniture industry first, initiated by Hooker Furnishings in an effort to assist in spreading awareness of the pervasive, non-discriminatory, and devastating effects of breast cancer worldwide. According to Komen, every 46 seconds, somewhere in the world, someone dies from breast cancer. That is more than 1,876 women and men every day. This collection is about celebration and remembrance. We look to honor the journeys of all those affected by breast cancer; celebrating the triumphs, revering the battles, and commemorating those that are no longer with us. Many of Hooker Furnishings' employees, former employees, friends, and family members have had their lives forever changed by breast cancer, and it is a cause that is near and dear to our company. The group is characterized by signature pink hues, soft curves, and feminine silhouettes, juxtaposed with several hearty, robust pieces that represent the incredible strength and fortitude of those affected by breast cancer.

Features: Five self-closing drawers
Drawers have pink interior
Reverse painted glass
Levelers
Ribbed silver legs and silver accents

Material: Glass and Handpainting

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
