# **XO VENTILATION**

## **INNOVATION, TOP DESIGN, ADVANCED TECHNOLOGY & CREATIVE THINKING**

We decided to develop a company with the goal of 100% customer satisfaction. From beginning to end, XO will deliver more. We will be here to help specify and design the right ventilation for your home. We are ventilation experts.

All XO quality products are backed by an unmatched, comprehensive warranty program. Problems happen. It could be a dent while handling, a defective part or an improper installation. Don't worry. XO will be there to help resolve the issue. Your total satisfaction is our main concern.

We believe in extraordinary customer service with a personal touch. We are putting into practice our vision of becoming the most innovative, customer-oriented appliance company in the world.

## **ALONG WITH EXTRAORDINARY CUSTOMER SERVICE**

MORE THAN A BRAND, XO IS A CUSTOMER EXPERIENCE

### UNDERSTANDING MAKE UP AIR:

The majority of XO hoods are designed to deliver up to 600 CFM of power. However, local building codes may require limiting hood performance to 400 CFM or the installation of a system to bring outside air into your home (see XOMA Make-Up Air Kits).

In either case, XO has a solution to provide you with the look you want and the performance you need.

### HOW CCC HELPS:

Code Compliance Control (CCC) enables the installer to easily re-program your XO hood to limit the amount of air it can move while it is being installed.

The re-programming is accomplished quickly and requires no tools. After conversion, the installer affixes a label stating the unit is now limited to 395 CFM maximum. **Once done the hood cannot be changed back.**
