Product Description: The Archives Display Cabinet is a statement piece for showcasing your finest collectibles, featuring cathedral figured walnut veneers, and tempered glass. The high clarity Classic Walnut finish, paired with satin brass hardware, adds a refined touch, while the cream-colored interior creates a stunning contrast. LED touch-activated lights illuminate your treasures, which are housed behind two wood-framed glass doors. With adjustable shelves and additional storage in the base, this cabinet is the epitome of elegance for a formal dining space or living room.

Collection Features: Archives taps in to a design trend that mixes modern, trendy styles with historic elements, known as "hipstoric". Complementing a variety of design styles with timeless forms and elements, the trend creates a sense of undeniable luxury. Layering rich and authentic materials, such as figured walnut veneers, top grain leather, woven raffia, and polished marble, Archives' assortment speaks to consumers who yearn for structured elegance with a dash of mystery

Status: New

Finish: The high clarity Classic Walnut finish over cathedral figured walnut veneers adds richness and depth. Contrasting cream colored interior back panel. Custom knob and pull hardware in Satin Brass finish.

Features: Includes base and top
Two wood-framed glass doors

Touch-activated LED lights in top
Two adjustable wood-framed glass shelves
Painted cream contrasting interior
Base has fully finished top and can be used alone
Four drawers for added storage

Material: Figured Cathedral Walnut Veneers, Oak Veneers, Birch Veneers with Tempered Glass and a Light

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
