

## XBA-C10IP/WHI

### Sound Story

Balanced Armature headphones are noted for their delivery of smooth and broad frequency response with notable vocal clarity.

### Balanced Armature Driver

A full-range driver unit delivers the detailed and transparent sound reproduction you crave. Be it your favorite vocalist, piano, guitar or drum solo, you will hear the most subtle musical details with tremendous clarity.

### Unique delta shape for a great fit

The unique delta shape, stay-in design affords an improved in-ear fit, gently resting just inside the ear.

### Made for iPod® /iPhone® /iPad®

The in-line 3-button remote affords volume and track control (Play, Stop, Next/Prior) for iPod®, iPhone® or iPad®, while the built-in microphone makes it easy to take calls through it all.<sup>1</sup>

### Private and confidential

Improved fit results in significantly lower sound leakage levels, both in or out, giving you uninterrupted access to your music.

### Just your size

Hybrid silicone earbuds, supplied in 4 sizes, allow for a tailored fit that maximizes overall sound quality and comfort.

### Tangle-free serrated cord

A serrated finish resists tangles, so you can get caught up in your music, not your cord.
