Product Description: Inspired by timeless farm style antiques found in the little castles of Old World Europe, the Chatelet Chest is filled with character and vintage charm. The soft amber Caramel Froth finish exudes warmth, accented by burnished bronze drawer pulls and hardware. Five drawers, with delightful surprises: The top drawer has a wallpapered interior and the bottom drawer is cedar-lined.

Collection Features: Come home to your little castle. Relax in a livable luxury with Chatelet, a whole home collection inspired by timeless farm style antiques found in "little castles" of Old World Europe.

Status: Active

Finish: Pecky pecan veneers are warmed by a soft amber color and a touch of aged white paint to highlight distinctive grains and moldings in the Caramel Froth finish. Custom-designed, generously scaled burnished bronze drawer pulls and hardware is inspired by antiques. Distressing includes scraping lines, sloping lines, rasping and worm holes.

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
