VT65MLBIVAC

33.5" x 23.63" x 23.63" (H x W x D)

Built-in undercounter vaccine storage all-freezer with digital thermostat, temperature alarm, hospital grade cord, selfclosing door, and front lock

Highlights:

Medical grade design conforms with CDC guidelines for vaccine storage

Capable of operating at -25° C for long-term preservation of temperature sensitive materials

Interior drawers ensure stored items are not exposed to room temperature when the door is open

Product Features:

Slim undercounter dimensions	24" footprint is ideal for use under the counter
Built-in capable	Front-breathing design allows built-in installation under counters
-25° C/-13° F capable	Low temperature operation ideal for vaccines, pharmaceuticals, and other sensitive materials
Digital thermostat	Electronic controls for more precise temperature management, with temperature readout and controls externally located for added convenience
High/low temperature alarm	Audible alarm sounds if the interior temperature rises or falls out of set range
NIST calibrated temperature display	Alarm includes NIST calibrated display of the current interior and high/low temperature to the nearest tenth of a degree
Self-closing door	Door closes automatically when opened at angles less than 90°
Access port with contact	Pre-installed probe with contact allows users to install their own monitoring equipment; customers can specify placement of the access port upon order
Hospital grade cord and plug	Secure three-pronged cord for added unit safety
