WARNING: Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of all components located within the mounting system of the model does not exceed maximum weights listed in table below.

| MODEL | Max Weight Allowed for <u>EACH</u> Display | Max Weight Capacity of Mounting System |
|----------------|--|--|
| Medium Stacker | 125 lbs (56.7 kg) | 250 lbs (113.4 kg) |
| Large Stacker | 125 lbs (56.7 kg) | 250 lbs (113.4 kg) |

DIMENSIONS

INSTALLATION

IMPORTANT ! : Refer to **Dimensions** section to find specific Medium Stacker or Large Stacker dimension requirements **BEFORE** proceeding with installation.

NOTE: The following procedure assumes that a UL Listed CPA or CMA ceiling plate (not included) has been properly installed following instructions provided with ceiling plate.

Installing Column

1. Lay column on floor and carefully place displays next to column. (See Figure 1)
2. Mark center of lower display onto column. (See Figure 1)
3. Measure one screen height up on the column from the first mark. Add approximately 2 inches extra length to allow for display tilt, and add additional length for any extra space desired between displays. (See Figure 1)
4. Mark center of upper display onto column. (See Figure 1)

Figure 1

5. Install column following instructions included with column.

Installing MCM1U / LCM1U

1. Install MCM1U / LCM1U onto column following instructions included with MCM1U/LCM1U.

IMPORTANT ! : Match the center marks on the MCM1U/LCM1U with the marks on the column. (See Figure 2)

Figure 2

2. Complete installation following instructions included with MCM1U/LCM1U.

Our Mounts. **Your Vision.**
