

DSUB6F5

Director Collection

The Director Multi-Finish System is a minimal-aesthetic fully distributed in-ceiling audio system engineered to provide deep ample bass and even sound coverage from a port-tuned box subwoofer and an arrangement of in-ceiling speakers in multiple finishes to mimic the appearance of stylish recessed lighting.

DSUB6F5

Clean, Powerful Bass

Only audible worthy bass frequencies pass through the port of the DSUB6 from the bandpass to deliver a powerful listening experience. This ensures power is strictly utilized in creating the true fidelity low-end output.

Dueling Effort

Two high-density aluminum woofers sit across from one another inside of the subwoofer enclosure. As a result, the output is enhanced while distortion and cabinet vibrations are significantly reduced.

Multi-Finish Options

The DSUB6 comes with magnetic bezel-less grilles in both square and round finishes to match perfectly with designer recessed lighting.

Paintable Low Profile Grille

As expected with all Origin Acoustics speakers, the DSUB6 delivers high performance audio while remaining completely concealed from plain sight with a sleek paintable bezel-less magnetic grille.

Passive Crossover

the DSUB6 contains a thorough passive crossover that maintains low frequency response while passing off the appropriate mid and high frequencies to the surrounding D38 satellites.

Specifications

Model	DSUB6F5
Part Number	DSUB6F500
Woofer Cone	Polypropylene
Woofer Dimensions	Dual 6.5" (165mm)
Frequency Response	33Hz - 100 kHz \pm 3dB
Impedance	8 ohm
Power Handling	100 Watts
Depth	7.9" (200mm)
Dimensions	7.9 x 11.8 x 18.9" (200 x 300 x 480mm)
Grille Diameter	7" (178mm)
Cutout Diameter	5.9" (150mm)
Mounting Depth	8" (203mm)

*Not to Scale
