

Smooth Top Hybrid 11"

WARRANTY - 10 YR NPR

3X COOLING

Three exclusive sleep technologies.

- Cooling fiber in the cover delivers an ultimate cool touch surface to help you fall asleep faster.
- An inner layer directly below the surface acts as a temperature regulator to help you stay asleep longer.
- Gel-Infused Memory Foam pulls heat away while you sleep to help you wake up feeling rejuvenated.

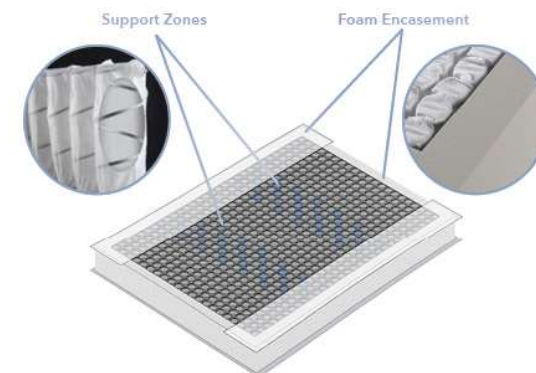

GEL-INFUSED MEMORY FOAM

Gel-infused memory foam that delivers the conforming support of memory foam – but with gel that dissipates heat instead of storing it.

Q5 TWIN[®] SUPPORT

Restonic's exclusive technology delivers 5 support zones for correct spinal alignment. Provides deep, individualized comfort over the entire surface of the mattress.
