Viola Queen Bed Beige

Hammered and bowed, the bed that bends the rules. Viola's curved metal frame is hand-hammered for texture, with wrap joinery and rounded corners that bring the detailing front and center. A canopy-style structure adds vertical presence and architectural edge without bulk. Linen-blend upholstery on the headboard and footboard adds height, warmth, and enough softness to balance the strength of the frame. Sculptural, tailored, and made to anchor the room.

- Bowed Canopy: A bowed canopy frame draws the eye upward, while tall upholstered panels give the bed a generous, traditional presence with a softer landing.
- Hammered Texture: Hammered iron brings an uneven, time-worn surface, balanced by textured polyester upholstery that reads linen-like and adds warmth to the taller profile.
- Wrapped Joinery: Wrap detailing at the canopy corners highlights the joinery, while gentle curves at the top frame give the structure a thoughtful finish.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
