FURNITURE CARE AND CLEANING

To maintain and protect the beauty of your Legacy Classic Furniture, we suggest the following:

- Do not place furniture over heating or air conditioning vents.
- Do not place furniture in a damp environment.
- Avoid placing furniture in direct sunlight to prevent fading.
- Do not place plastic or rubber items directly in contact with wood furniture.
- Plastic placemats and rubberized feet on alarm clocks and lamps, for example, can discolor the finish. Use felt feet or other protective pads under these items.
- Use a protective pad when placing hot objects such as serving dishes or when using a ballpoint pen on wood tops.
- Wipe up spills promptly with a soft, clean cloth, blotting gently. If left, liquids can cause damage to the finish.
- Remove household dust with a soft, clean cloth.
- Clean with a damp cloth. A quality furniture cleaner can be used or a small amount of a mild dishwashing liquid.
- Legacy Classic Furniture does not require the use of furniture polish.
- Minor scratches can be touched up with Mohawk Finishing Product repair kits or other quality furniture polish/repair kits that are available at most home improvement stores.
