

# Samsung GSM Cable

Turn your office headset  
into a mobile headset

This GSM cable is an extension to our existing portfolio of GSM cables.

These cables allow users to connect selected mobile phones and now Samsung mobile phones, to any CC or SH headset.

This cable is a **high quality accessory** for users who appreciate the crystal clear voice transmission and efficient noise suppression offered by Sennheiser Communications' **telecom headsets**.

- GSM cable for the connection of selected Samsung mobile phones to any Sennheiser Communications CC- and SH-headset
- A smart, high-quality accessory for Samsung mobile phones
- Supports the superb voice quality and noise suppression of Sennheiser Communications' telecom headsets
- When changing mobile phone, just exchange the bottom cable accordingly. No need to change the headset.
- Connects to any Sennheiser Communications telecom headset with an Easy Disconnect connection
