PRO-24RW LCR

Dual 4" In-Wall LCR Speaker

TRUE REFERENCE ACOUSTICS IN A SMALL PACKAGE

Using the same acoustic components and horn design as the highly acclaimed Klipsch Reference box speaker line, the Professional Reference Architectural series perfectly combines the aesthetics of an architectural speaker with the pure performance and dynamic voicing of the Klipsch Reference series. With dual 4" IMG woofers and a 1" Aluminum Dome tweeter, the Pro-24RW LCR brings dynamic, powerful, detailed Klipsch Reference sound to your distributed audio or home theater system in a small aperture in-wall package.

PATENT-PENDING SKYHOOK™ TOOL-FREE INSTALLATION SYSTEM

The exclusive installation system engages the dog legs automatically when the speaker is inserted into the cutout hole with a preset clamping force, eliminating the possibility of overtorquing. This fast, easy installation system reduces install time by up to 75%.

ALL NEW, BEZEL-FREE MAGNETIC GRILLE

A completely redesigned powercoated magnetic steel grille eliminates the bezel for seamless, pristine integration into the living space.

PVC PAINT SHIELD INCLUDED

Also included is a magnetic PVC paint shield that can be used to cover the speaker module to protect it from paint or construction dust during renovations or remodels.
