DOWN DRAFT

## INNOVATIVE AND SLEEK

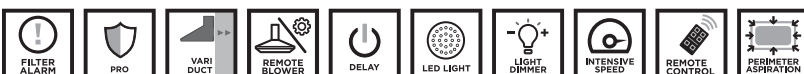

The Scirocco Lux downdraft hood is positioned next to the cooktop to ensure efficient extraction. The integrated LED light bar illuminates the cooking area, enhancing visibility and convenience. The Scirocco Lux features a reversible motor box, allowing it to fit seamlessly behind a range top, cooktop, or cooktop/oven combo. This is ideal for island installations where an overhead canopy would be obstructive or wall installations where cabinet space is at a premium.
