Martine Queen Storage Bed Heritage Green

A curved headboard with a landscape state of mind. A subtle curved headboard gives the Martine queen storage bed a soft contemporary silhouette, balanced by solid wood bun legs. The verdant green tapestry-inspired fabric brings tonal pattern to the upholstered form, with a polyester-linen blend on the headboard and foam fill for a cushioned feel. A hydraulic lift platform opens to easy storage below. Tradition and function, sharing a room.

- Soft Curved Profile: A subtle curved headboard and upholstered frame give the Martine bed a contemporary shape with traditional undertones, so the silhouette feels intentional from every angle.
- Heritage Green Pattern: Tapestry-inspired fabric in verdant green tones brings a landscape-like pattern to the soft upholstered silhouette, so the design feels considered from every angle.
- Bun Leg Detail: Solid wood bun legs add a grounded finishing note beneath the solid wood, plywood, and MDF frame, letting the material carry the visual story.
- Hidden Lift Storage: A hydraulic lift platform opens to hidden storage below, keeping extra bedding close while the room stays composed, while adding practical purpose to the design.
