PERFORMA4

M145 Bookshelf Loudspeakers

At Revel, science is at the heart of everything we do. Since our very first loudspeaker, we obsessively test and re-test every element so you get the most out of every product. The result is music produced with the utmost purity— music that's played the way the artist intended.

The Performa4 Series is based upon Revel's acoustic DNA including a new 7th generation waveguide with acoustic lens and Deep Ceramic Composite (DCC™) and Micro Ceramic Composite (MCC) transducers. The cabinets and overall industrial design exude modern style while maintaining visual cues that identify with the heritage of the Revel brand.

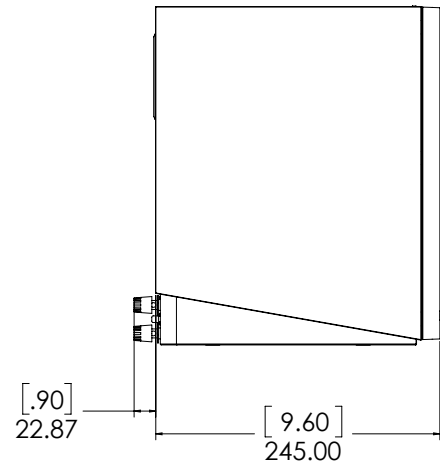

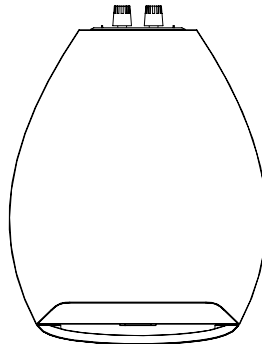

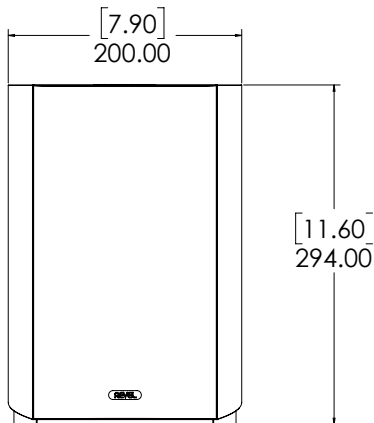

Born from decades of world-class loudspeaker innovation, the Revel M145 is the smaller bookshelf model in the Performa4 series. It features a 5.25-inch (130mm) Micro Ceramic Composite (MCC) cone woofer and a 1-inch (25mm) DCC dome tweeter mounted in a 7th-generation Acoustic Lens waveguide. These components work in harmony with a precision crossover network and a bass-reflex tuned port enclosure to achieve unmatched audio accuracy. The M145 is complemented by the optional MFS4 floor stands. The MFS4 provides an elegantly designed stable foundation that positions the loudspeaker at the optimal listening height. With the M145, it's just you and the pure beauty of your music.

Features

- **1-inch (25mm) DCC Dome Tweeter with Acoustic Lens and Waveguide**
- **Low Frequency Driver: 1 x 5.25 inch (130 mm) Micro Ceramic Composite (MCC) Cone Woofer**
- **Inverted surrounds and trim ring cover**
- **Newly patented cast frames**
- **Magnetically attached grille**
- **Enclosure Tuning: Bass-Reflex via Rear-Mounted Port**
- **Fine-tuned via anechoic EQ when using ARCAM SA35, SA45, and AV products**
