March Framed Painting

Impasto blooms put paint in full flower. The March framed painting layers white and cream flowers over a deep olive green ground, giving the floral subject sculptural presence. Slender stems add a looser, lighter counterpoint to the thick petals. Acrylic on canvas and a solid pine wood frame finish the composition. Floral, but with plenty of paint on its hands. It gives the wall a finished focal point with a clear mood.

- Impasto Floral Blooms: Cream and white flowers use thick brushwork, giving the March painting raised texture and sculptural depth, giving the artwork a more layered wall presence.
- Deep Olive Ground: A deep olive green background sets off the pale blooms and slender freely painted stems, giving the artwork a more layered wall presence.
- Acrylic On Canvas: Acrylic paint on canvas sits in a solid pine wood frame, finishing the expressive floral composition, letting the surface carry the mood.
