Eve King Bed Brown

A bed that understands restraint. The Eve Bed blends time-honored cues with a clean, modern mindset, creating a presence that feels calm and intentional. Tatami mat panels on the headboard and footboard bring natural texture, while soft wave detailing nods to traditional forms without feeling literal. Solid acacia wood framing adds warmth and strength, grounded by smart internal supports. It's a thoughtful mix of heritage references and everyday comfort—designed for unwinding well.

- Soft Wave Shape: Gentle wave detailing and finial posts give the headboard and footboard movement, bringing traditional influence into a more pared-back silhouette.
- Layered Material Story: Acacia wood, tatami mat, and MDF panels create a warm mix of grain and texture that adds depth and keeps the design layered.
- Reinforced Structure: LVL and metal components strengthen the frame behind the scenes, supporting long-term stability while keeping the overall profile clean and composed.
- Mattress-Ready Design: Includes a slat system that prevents sinking or shifting, eliminating the need for a box spring and working with adjustable base frames.
