Product Description: Serene and stylish with a spa-like color scheme, the modern Atlantis Entertainment Credenza has rounded corners on a rectangle shape, raffia-wrapped door fronts and a creamy white plinth base, sides and front. Dramatic square-shaped hardware is silver-colored metal with white painted glass. The three doors have soft-close hinges and magnetic door catches with one adjustable shelf behind each door, a ventilated back panel and a three-plug electrical outlet behind the middle door. The pale blue tone of the raffia-wrapped doors is inspired by Caribbean beaches.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: Coming Soon

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
