Finish: Medium Wood

Brand: Modern

Product Description: Celebrating the authenticity of materials, this mid-century modern-inspired console table is crafted of solid Mahogany with a warm Chestnut finish smooth as butter in an elegant matte finish. The console table has a clean, simple profile, featuring a narrow, rectangle shape with rounded corners. One fixed shelf. Measures 64 W X 18 D.

Collection Features: The Harlow collection is comprised of coffee tables, side tables and a console in a solid mahogany wood with a warm chestnut stain. Smooth as butter in an elegant matte finish, these mid-century modern inspired pieces were constructed with curved trestle bases and are intentionally designed to have the legs meet the table bases right where they are.

Finish: Chestnut finish

Features: Narrow, rectangle shape with rounded corners
One fixed shelf

Material: Mahogany Solids

Finish Construction: M utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: M uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
