Faux Birch Medium Planter

2200-0054

In Stock | New

Overall: 16"h x 16"dia.

Finish: Black / Beige / Pale Gray

Materials: Fiber Cement

Item Weight: 28 lbs.

The Faux Birch Medium Planter is made of fiber cement painted to look as if it is an aged antique. The black, beige, and pale gray hues are applied to mimic tree bark; the raised veining running along their sides creating the same rough feel that Mother Nature achieves in raw wood.
