

## HORGEN

LOVESEAT | CM6452WH-LV

### DETAILS:

This leatherette loveseat will bring you back to the long gone era of cigars and wine. Here we find elements such as loose pillow backs, a pair of bolter pillows, and a tufted one-piece seat cushion. The arms are trimmed with welt that innocuously matches the color of the body. The simple, wooden legs are tapered and finished in warm walnut. Exuding an unmistakable mid-century modern vibe, this retro-modern piece reminds us of a few decades back, with colors that explicitly evoke the turn of the late 60s.
