4K HDR Smart OLED TV w/ AI ThinQ®

65"

55"

* Class size: See below for details.

α9 Intelligent Processor

LG AI ThinQ®

4K Cinema HDR

Dolby Atmos®

Picture-On-Glass

DESCRIPTION

The elegant E8 is exquisitely crafted with a unique glass design to make a captivating statement in your living room. This new LG OLED TV with AI (Artificial Intelligence) ThinQ® becomes the center for the smart home: Using Intelligent Voice control, speak into the LG Magic Remote to pull up family photos, control light settings, check the weather and more. Movies, sports and games come to thrilling new life, more immersive with the perfect black and intense color made possible by LG OLED display technology. The new α9 (Alpha9) Intelligent Processor makes the most of the self-illuminating pixels, providing true-to-life images with rich colors, superior sharpness and enhanced depth. The E8 features comprehensive support of major 4K high dynamic range formats including premium Dolby Vision™, as well as HDR10 and HLG. And to complete the home cinema experience, the included sound bar delivers immersive, detailed Dolby Atmos audio that puts you into the midst of every moment.

KEY FEATURES

α9 Intelligent Processor

LG—the industry leaders of OLED TVs—made the Best TV Ever even better by developing the α9 Intelligent Processor. LG's most powerful processor provides true-to-life images with incredibly rich colors, sharpness and depth for greater realism.

LG AI ThinQ®

LG OLED TVs with AI (Artificial Intelligence) ThinQ becomes the center for your connected smart devices. Beyond apps and entertainment, LG AI TV uses intelligent voice control to create a center for the smart home and beyond.

*Service limited to certain languages. Some features require 3rd party service subscription.

4K Cinema HDR

LG OLED TV with AI ThinQ features comprehensive support of major high dynamic range formats including Dolby Vision™ HDR from the cinema, as well as HDR10 and HLG, both with LG's advanced tone-mapping technology that provides scene-by-scene optimization.

Dolby Atmos®

Bring big-screen surround sound to the living room: crickets chirping all around, a monster roaring from behind, or a plane soaring overhead. Dolby Atmos® creates a more detailed sound experience that appears to come from everywhere for a wonderfully realistic, immersive experience.

Disclaimer: Dolby, Dolby Atmos and the double-D symbol are registered trademarks of Dolby Laboratories. Dolby Vision is a trademark of Dolby Laboratories.

Picture-On-Glass

The elegance of glass combines with the unparalleled sophistication of OLED for an image that appears to float in the air. The incomparably thin, lightweight OLED panel is suspended upon an exquisitely crafted pane of glass for a sleek design that's simple, sculptural and the very definition of innovative.
