

ALESUND

SOFA | CM9981-SF

DETAILS:

A perfect blend of retro and mid-century modern vibes, this sofa set is a welcome addition to any sophisticated home decor. Straight lines and blocky construction are kept in check by the loose back and bolster pillows with plush seat cushions. Natural elements such as ash wood trims and woven rattan panel help give this piece some organic flair. The beige fabric also provides much needed warmth to an otherwise sterile design. The result is a perfect balance of softness and rigidity that everyone can truly appreciate.
