## Amsterdam Tulip Vase

1200-0940

*In Stock | New*

Overall: 18.75"h x 15"dia.

Finish: Verdigris

Materials: Cast Aluminum

Item Weight: 24 lbs.

Though it has the artisanal appeal of ceramic or terracotta, the Amsterdam Tulip Vase is made of cast aluminum. Once the creation is removed from the mold, the surfaces of the blossoming vases are treated to create an oxidized patina. Fill it with flowers and this coppery-green vase will be a blossoming show-stopper.
