Caracole

Gathered columns with a sharply angled, teardrop shape lend a sculptural element and sense of movement to this glass top dining table. When viewed from above, its uniquely designed base appears to emulate a school of darting fish, and from the side, it quickly guides the eye, for a look that shimmers and is visually light. For more intimate dining experiences, a three-pedestal base is also available to pair with our 80" Smoked Bronze rectangle glass top.
