

DRI-TEC® TECHNOLOGY

# DRI-TEC® PERFORMANCE® PILLOW PROTECTOR

Designed to work with the technology of BEDGEAR Performance Pillows®, the Dri-Tec® Performance® pillow protector protects your pillow from stains and fluid damage in addition to wicking away moisture to keep you dry while you sleep.

## Features:

- Dri-Tec® fabric keeps you dry by wicking moisture away, while immediately adapting to the shape of your head, neck and shoulders providing protection without changing the feel of your pillow.
- Air-X® mesh patch creates ambient air ventilation to help cool the pillow core, reducing “pillow flipping” so you can sleep more restfully.
- Reduces accumulation of dust, dust mites, dander, bacteria and other allergens in your pillow.
- Great for travel! Take on car rides, cruises and to hotels.
- Waterproof and stain resistant.
- Easy care, machine wash & dry.
- High-efficiency washable, using less water, less energy and less detergent to keep clean.
- Available in Queen and King sizes.
