

CARE INSTRUCTIONS

WASHING CARE

- The pillow can be spot cleaned by hand with a mild detergent. Blot excess moisture with a clean towel.

DETERGENT

- Use a mild liquid detergent, preferably non-alkaline, without added bleach or whiteners.

BLEACHING

- Do not use chlorine bleach as it can weaken fibers and cause them to yellow prematurely.
- If white fabrics need bleaching, use an oxygen-based bleach.

DRYING

- Tumble dry on low heat.
- Never use a high heat setting.
