

PANOZZO

SOFA | SM7308-SF

DETAILS:

For a non-custom made sofa collection, this looks remarkably stunning. Intricate wood trim starts from the cabriole style legs and dances along the skirt of the sofa, finally making its way up to the rolled armrests. Every delicate faux carving accentuates the shape of the seating. Chenille fabric covers the seat cushions and the frame. Ornate textile prints grace the front of the oversized throw pillows, with the smaller ones in a solid color with reflective sheen. All together, it's a masterpiece that belongs in a gallery as much as it belongs in your living room.
