# OUR TRACK RECORD

*125 Years of American Manufacturing Excellence*

*We work hard to keep our talent and manufacturing in America, in the same community where our founder started in 1892, back when eggs were 20 cents a dozen, and we delivered ice boxes by horse and buggy.*

*F.A. Ranney*

1890s

- We make our start delivering ice boxes by horse and buggy. Soon, our products gain a reputation as works of art.

1930s

- Our Greenville community is deemed the "Refrigerator Capital of the World".

1940s

- We manufacture air tank shields for the War Department during World War II.

1950s

- The Pentagon contracts us to produce \$1.145M worth of refrigerators for military installations across the country and abroad.

1960s

- We celebrate three generations of family operation and develop the first foamed-in-place refrigerator with better energy efficiency.

1970s

- We set another new stake in the industry with commercial-style refrigeration for home use.

1980s

- We develop a scrupulous refrigeration line to meet the precise standards of the scientific industry, biomedical facilities, laboratories and other industrial applications.

1990s

- We supply refrigerators to military hospitals during Operation Desert Storm.
- We release the industry's first stainless steel interiors and glass door refrigerators for residential use.
- We are the first to produce undercounter wine storage and beverage centers.

2000s

- We unveil the industry's first black interior for wine cellars and beverage centers.
- We are contracted again by the government to supply refrigerators for military mess halls overseas.
- We invest in a new 175,000 sq. ft. manufacturing innovation center in our community, creating 337 new Michigan jobs.

2010s

- We introduce the first glass door refrigerator with blue interior lighting.
- Marvel is named the #1 rated wine cellar by a leading consumer magazine.
- We unveil the industry's largest collection of ENERGY STAR rated undercounter appliances, which would go on to win multiple ADEX design awards.
- We release the first outdoor model combining a refrigerator, freezer and ice maker in one.
- Marvel joins forces with Middleby, the commercial powerhouse endorsed by top chefs and found in 1 out of 3 restaurants in the world. We tap into the tried-and true brain trust to better our products even more.

2020

- Marvel is deemed essential business during the COVID-19 pandemic, and we work hard (and safely) to keep up with the demand for refrigeration products.
- We release our latest line-up of professional products for the home, upgraded for today's standards for flexibility and performance.
