Charcoal Smoker Tray
67731

Fireplace Inserts • Charcoal Grills • Hybrid Furnaces • Outdoor Fireplaces
Gas Furnaces • Gas Fireplaces • Electric Fireplaces • Accessories • Wood Stoves

THE STORY

It all began in 1976 when a small steel fabrication business launched by Wolfgang Schroeter started manufacturing steel railings in Barrie, Ontario, Canada. At that time, no one could imagine the incredible future that lay ahead for Wolf Steel Ltd. and eventually Napoleon® Fireplaces and Napoleon® Grills. Since the first wood stove rolled off the production line over 38 years ago, Wolf Steel's commitment was to be distinctive and successful in everything they do. The original stove featured a solid cast iron two-door design and was produced in a one thousand square foot manufacturing facility. By 1981, the name "Napoleon" was born and with it, the first single glass door with Pyroceram high temperature ceramic glass – a first in the industry. This was the first of many milestones for Wolf Steel Ltd and over the next few years, the demand for Napoleon's wood stoves grew beyond Ontario's borders to the rest of Canada, the United States, Europe and the United Kingdom. Napoleon® is an ISO9001 – 2008 registered company and operates with 1.4 million+ square feet of manufacturing space and over 1000 employees. Napoleon® is North America's largest privately owned manufacturer of quality wood and gas fireplaces (inserts and stoves), gas and charcoal grills, outdoor living products and a complete line of heating and cooling equipment.
