Finish: Light Wood

Brand: Hooker Furniture

Collection Features: The Nouveau Chic Collection is a casual modern group drawing inspiration from the curvaceous yet uncomplicated designs that are popular today. Nouveau Chic unites classic architectural elements like cathedral and quartered oak, movement of soft shapes, metallicized shagreen, and polished metal accents to create a dramatic yet easy modern aesthetic.

Status: Active

Finish: Sandstone: cathedral and quartered oak veneers with light wire brushing along with transparent and opaque stains to create this serene finish. Nickel finished bar pulls.

Features: Curved breakfront design
Nine self-closing drawers
Top right and left side drawers have drop-in felt liners
Top middle drawer has removable felt liner and removable jewelry tray
All bottom drawers are cedar-lined
Levelers

Material: Oak Veneers and Cedar

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
