

REVEL®

PERFORMA4

B140 Powered Subwoofer

At Revel, science is at the heart of everything we do. Since our very first loudspeaker, we obsessively test and re-test every element so you get the most out of every product. The result is music produced with the utmost purity— music that's played the way the artist intended.

The Performa4 Series is based upon Revel's acoustic DNA. The cabinets and overall industrial design exude modern style while maintaining visual cues that identify with the heritage of the Revel brand.

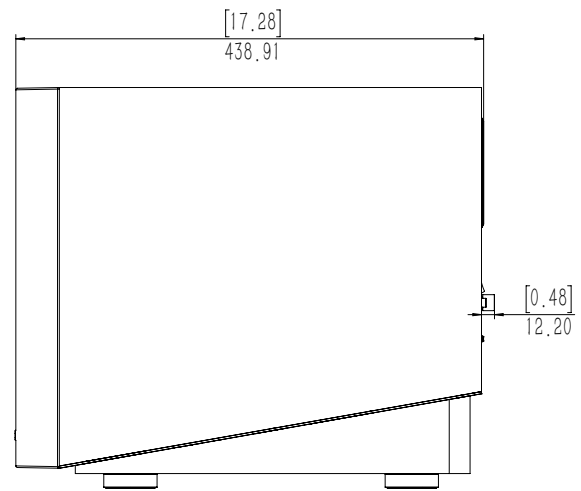

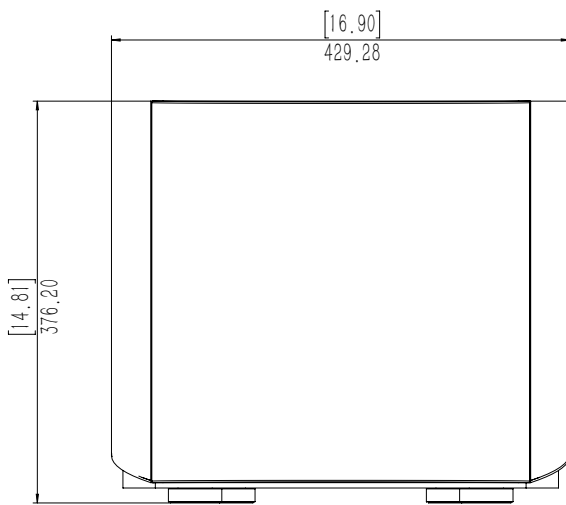

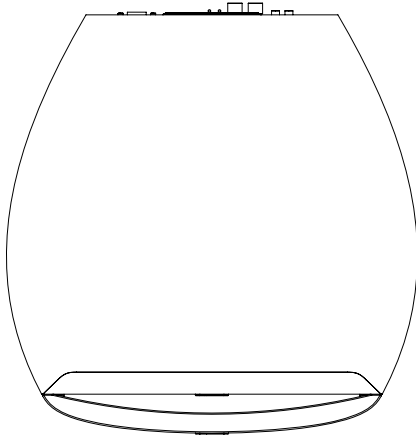

Born from decades of world-class loudspeaker innovation, the Revel B140 powered subwoofer is the perfect companion to the Performa4 floorstanding and bookshelf loudspeakers. It features a 10-inch (250mm) fiber-composite cone woofer mated with a 750 Watt digital amplifier and includes a host of connectivity and tuning options to integrate seamlessly into any system. These components work in harmony with a bass-reflex tuned port enclosure to achieve unmatched audio accuracy and powerful deep bass response that makes your music and movies come alive.

Features

- **250mm (10-inch) Coated Fibre-Composite Cone Driver in a cast-Aluminum frame**
- **RMS Power: 750W RSM (1500W peak) Class D amplifier**
- **Volume, Crossover, and Phase Controls**
- **Inverted surrounds and trim ring cover**
- **Newly patented cast frames**
- **Magnetically attached grille**
- **Enclosure Tuning: Bass-Reflex via Rear-Mounted Port**
