

PLAISTOW

LOVESEAT | SM5189-LV

DETAILS:

Combining elements from the classic English Rolled Arm sofa and its more contemporary counterparts, this ensemble is a natural match to any transitional space. The rounded, low arms are paired with removable T-cushions. Also removable are the oversized pillows, which serve as back cushions. The patterns on the pillows are a mix of past and present trends as well--geometric grids and vertical blocks mixed with intricate stripes. The eclectic combination creates a unique weave of color that delivers a unique contrasting element against the neutral, gray chenille of the frame.
