Product Description: Exquisitely hand carved Mango Wood on the front of this three-door entertainment console creates an iconic and imposing stylish look for your home. The serene neutral finish is accomplished with a cream glaze and heavy distressing over a medium wood tone. Antique bronze-colored bar pull hardware with a cream glaze completes the look. Featuring 3 doors, the left pair of doors has one fixed shelf behind, and the right door has one fixed shelf behind, and there is a ventilated back panel. Accommodates up to an 80-inch TV.

Collection Features: Our TV consoles accommodate media components without disrupting functionality in an elegant mix of materials.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
