Category: Casual Dining

Collection: Brighton

Number of Shelves: 0

Number of Drawers: 0

Number of Leaves: 1

Style: Casual

Finish: Whites/Creams/Beiges

Brand: PFC

Product Description: The Brighton Trestle Table combines safety, style, and functionality. A chic, casual-style rectangular tabletop with rounded edges and a U-shaped double pedestal base seamlessly blends elegance, comfort, and a modern, sculptural quality. The included 24" leaf enhances its versatility, making it ideal for small and large gatherings. Subtle glam elements add a touch of luxury, while the relaxed appeal ensures the table fits effortlessly into a cozy, inviting dining environment.

Collection Features: Brighton creates an environment reflective of the Hollywood Regency style, known for its luxurious spaces, drama, and glamour. Hints of Art Deco styling and modern simplicity in the design details include a North Star finish on quartered ash veneers, metal and acrylic hardware inspired by vintage jewelry, chic silhouettes, and fancy face patterns on drawer fronts.

Status: Active

Finish: The soft, neutral tone of the North Star finish offers a modern, serene, and stylish aesthetic

Features: Casual glam style with modern elements creates a luxurious and livable environment

The rounded edges create a softer, more inviting look while enhancing safety by eliminating sharp corners

Includes a 24" leaf to accommodate large gatherings, significantly enhancing the table's functionality and versatility

Double pedestals are designed in a striking U-shape, providing a modern and sculptural quality that makes them a focal point

Material: Ash Wood Veneers

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces.

These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
