

## Salone Cabinet Black

**COLORS:** Black

### OVERVIEW

Reminiscent of antique arched doors in Paris, the Salone cabinet's seductive concept of partial concealment allows the furniture itself to take center stage rather than what lies hidden behind the Art Deco-inspired reeded glass doors. The oversized Beech door handles offer a graceful touch of contrast against the reeded glass doors. This juxtaposition of round arches and the straight, repetitive lines adorning the glass lends an intriguing dynamism to the overall composition.
