Type: Tables, Console Tables

Category: Living Room

Collection: Melange, 963-85

Number of Shelves: 1

Number of Drawers: 4

Style: Transitional

Finish: Dark Wood

Brand: Hooker Furniture

Product Description: In a striking classic design, the 72-inch console creates inviting warmth for any space, crafted of Cherry and Chestnut Burl Veneers in a dark wood finish. Offering 4 drawers, the console is only 12 inches deep, packing a punch of style in a compact footprint.

Collection Features: The long, narrow silhouette of this piece, with its graceful shape, makes this a statement piece for a narrow foyer. It has four drawers and turned legs joined by a shaped shelf.

Status: Active

Finish: Cherry and chestnut burl dark wood finish

Features: Four drawers
One Shelf

Material: Cherry and Chestnut Burl Veneers with Resin

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
