

The Horizon has changed.

In 2002, Leon's Horizon Series soundbars revolutionized the audiovisual experience by offering an elegant, dynamic speaker solution that was handcrafted to exactly match any TV. Now, there's a new Horizon. **Introducing the Horizon OTO soundbar: powered, thin and custom crafted to match.** The all new Horizon HzOTO utilizes 3" aluminum cone woofers and cloth-dome tweeters to deliver **uncompromising, detailed sound** reproduction. A digital **2 x 50W on board amplifier** provides clean, distortion-free power. And, **digital optical inputs** and **wireless subwoofer outputs** allow for **Dolby Digital sound** and simple connections. Finally, the power of the Horizon soundbar can be realized in any environment, transforming the TV experience into an immersive Living Space Theater.

Custom-tailored to match the exact width and finish of any display
 High-fidelity, powerful **2 x 50W on board amplifier**
Ultra-thin design seamlessly integrates with slimmest TVs
Digital optical and stereo analog inputs
Wireless subwoofer output pairs with Leon's Aaros A8-400 subwoofer

Discrete IR input for custom integration
 Integrated front panel **touch screen** for easy controls
 Easily **mounts to articulating TVs** with Leon's exclusive brackets
 Meticulously **handcrafted from solid MDF**, detailed and tested
