Country Of Origin	Taiwan
Extended Service Plan Parent	
Product To Product Pairs	

Enjoy clean, fresh tasting ice & water with Everydrop® water filters. Everydrop® filters use Triple Filtration Technology to reduce contaminants. Filter 2 is NSF certified to reduce a total of 28 contaminants, including lead, chlorine taste and odour, pesticides and pharmaceuticals, so you can feel reassured that you and your family are getting the most out of your water. For optimal contaminant reduction, replace your everydrop® filter every 6 months (or 200 gallons/757L). (Replaces W10413645A)

- Top Features
- Certified to Reduce 28 Contaminants
- Replace Every 6 Months
