What's in the box

Your Hisense TV comes with the following items:

- TV
- power cord
- remote control
- 2 base stands
- 4 screws (55"/65"/75"/100")(139.7cm/165.1cm/190.5cm/254.0cm)
- Quick Setup Guide (this document)
- 1 set of AA or AAA (1.5Vcc) batteries
- Important Safety Information and Warranty Card
- 6 screws (85")(215.9cm)

NOTE:

- The accessories may be different from the list above due to different models, countries/regions, please refer to the actual accessory bag.

IMPORTANT:

To prevent accidentally discarding items that came with your TV, be sure to **check ALL of the foam** in the carton box.

- Please check foam for accessories before discarding.
- Veuillez vérifier la mousse pour qu'il n'y ait pas d'accessoires avant de la jeter.
- Antes de desechar la espuma, asegúrese de retirar todos los accesorios.

Getting started

Step 1. Attach stand or mount

Before you start using your TV, attach your TV stand or mount it on the wall.

CAUTION:

- Disconnect the AC power cord before installing a stand or a wall mount bracket.
- The LED display on your TV is fragile. Make sure the TV screen is not scratched or damaged by hard objects or from pressure.
- After the installation is completed, make sure the TV is steady on a table or firmly attached to a wall mount, before removing all protective film, if any.

Attach the TV stand

55"/65"/75"/85"(139.7cm/165.1cm/190.5cm/215.9cm)

To attach the TV base stands to your TV:

1. Carefully place your TV on a clean, soft and flat surface.
2. Insert the TV base stands into the bottom slots on your TV.
3. Use the screws provided to secure each base stand tightly.

55"/65"/75"(139.7cm/165.1cm/190.5cm)

85"(215.9cm)

100"(254.0cm)

NOTE: Three or more people are needed to install the TV. One person holds the TV to prevent tipping through the whole installation process.

1. One person holds the side of the TV, and the others remove the side cushions. Do not pinch the screen when hold the TV.
2. Insert the TV base stands into the bottom slots on your TV. Use the screws provided to secure each base stand tightly.
3. It takes three persons to transport the TV. The weight of TV with base stands is 140.0 lbs (63.5 kg), the furniture where the TV is placed should be tough enough to support. Please make sure the width of the furniture is above 18.9 inches (480 mm).

Note: If your table is long enough to place the TV on top of, then insert the base stands into the screw holes 'A' that are shown in the illustration. If your table is NOT long enough, then insert the base stand into the screw holes 'B' that are shown in the illustration. Note that these two installation methods cannot be mixed.

Attach the wall mount bracket (not included)

55"/65"/75"/85"(139.7cm/165.1cm/190.5cm/215.9cm)

Before mounting the TV, remove the TV stand if you have already attached it, and make sure the wall mount bracket supports the weight of your TV.

100"(254.0cm)

Before you begin the third-party manufacturer instructions, be sure to do the following things:

- 1. Keep the television vertically on the cushions. The TV weight with base stands is 140.0 lbs (63.5 kg), make sure the wall is tough enough before hanging the TV.
- 2. Remove the TV stand if you have already attached it.
- 3. Place spacers (not included) in the corresponding bracket holes.

CAUTION:

- Follow instructions provided with the wall mount bracket. If it is not correctly mounted, the TV may fall and cause property damage or personal injury.
- When you attach the mount, be sure to use spacers (provided by the third-party manufacturer) between the TV and the bracket.
- To prevent internal damage to the TV and to ensure it is mounted securely, be sure to use fixing screws (not included), standard dimensions are shown below.

9.5 - 11.5 mm(55"/65"/75")(139.7cm/165.1cm/190.5cm)
11.0 - 13.0 mm(85"/100")(215.9cm/254.0cm)

	Wall mount hole pattern(mm)	200 × 300 (55")(139.7cm) 400 × 300 (65")(165.1cm) 500 × 400 (75")(190.5cm) 600 × 400 (85")(215.9cm) 800 × 400 (100")(254.0cm)
	Wall mount screw size	M6 (55"/65"/75")(139.7cm/165.1cm/190.5cm) M8 (85"/100")(215.9cm/254.0cm)
	Number of wall mount screw	4

- We do not recommend hanging the TV on a slanted wall, and when wall mounting make sure your television remains parallel to the wall and does not lean forward.

NOTE:

- If installed on a ceiling or slanted wall, or the television installed is not parallel to the wall, the television may fall and result in property damage or severe personal injury.
- If you have additional questions, please contact the wall mount manufacturer or the retailer from which you purchased the TV.
- The diameter and length of the screws differ depending on the wall mount bracket model.

Step 2. Connect devices to your TV

Check to ensure that you have connected right cables for right ports securely. Loose connections can affect the quality of the picture image and color.

55"/65"/75"(139.7cm/165.1cm/190.5cm)

85"/100"(215.9cm/254.0cm)

Power indicator	The light is white in standby mode.
Power button (Standby/Source)	When the TV is in standby mode, quick press the power button, and TV will be turned on. When the TV is on, quick press the power button to call up the menu: • Quick press to change the selection. • Long press to confirm your selection.
Built-in microphone control button	Switch the built-in microphone control button to on to use the built-in microphone. Pair the remote first, press  button to select “Yes, I’m in”. Or press  button and select Settings > Accounts & Sign In > Google Assistant to turn on the Hands-free Mic switch. Say “Hey Google” to start a conversation. Before using this function, connect the TV to the Internet and sign in your Google account.
SERIAL	Connect the serial cable to PC. You can input serial command on PC to control the TV, such as turn on/off the TV, select an input source or adjust the OSD menu, etc.
ANT/CABLE	Connect an outdoor VHF/UHF antenna or cable.
HDMI	Connect a High Definition Multimedia Interface (HDMI) cable from an external device.
AV IN	Connect a composite video cable and left-right audio cables from an external AV device.
HEADPHONE / 	Connect headphones to hear audio from the TV. Headphones with microphones are not supported.
RESET	Power off / restart (quick press) Reset your TV back to the factory setting (long press for 5 seconds)
USB	Connect a USB device for browsing photos, music and movies. The rate of speed of USB 3.0 port 10 times faster than the USB 2.0 port. NOTE: You can still plug a USB 2.0 device into a USB 3.0 port; however, the rate of speed will not be as fast. USB 3.0 devices are also backwards compatible with USB 2.0 ports.
LAN	Connect an Ethernet cable to access a network or the Internet. The TV also has a wireless connectivity feature.
DIGITAL AUDIO OUT	Connect an optical cable from an external digital audio system.

NOTE:

- The location and names of the terminals on the TV may vary according to TV model, and not all terminals available on all models.
- The Google Assistant and some features are available on limited country/region/language.

Step 3. Get your remote ready

The following table shows the buttons on your remote control and describes what they are for.

BUTTON	DESCRIPTION
	Power on/off
	Microphone / Indicator
	Change TV input source
	Google Assistant of TV
	Accounts & Sign In or switch profile
	Access the settings (direct or through the dashboard in GTV) from any place in the system
	D-pad (up/down/left/right navigation buttons)
	Confirmation button
	Return to the previous place in the menu or app
	Press to display the Home screen
	Return to Live TV/Enter to Live tab in launcher/Display the Electronic Program Guide(if support) *
	Volume (up/down)
	Channel (up/down)
	Press to mute or restore sound Press and hold to display Accessibility menu
	Press to enter Menu
	Media content control function buttons
	Enter Channels/input numbers and special function buttons
	Quick access buttons to applications
	Fast access to all applications
	Custom button to launch input or apps quickly
	Press to enter Freeplay or Live TV

NOTE:

- Buttons listed here are for reference only. Actual remote control may vary depending on model, country.
- * Pressing the button in different scenarios will have different responses.

Insert the batteries

1. Take off the back cover to open the battery compartment of the remote control.
2. Insert two AA or AAA(1.5Vcc) size batteries. Make sure to match the (+) and (-) ends of the batteries with the (+) and (-) ends indicated in the battery compartment.
3. Restore the battery compartment cover.

Important information about the remote and batteries

- Discard batteries in a designated disposal area. Do not throw them into a fire.
- Remove old batteries immediately to prevent them from leaking into the battery compartment.
- If you do not intend to use the remote control for a long time, then remove the batteries.
- Battery chemicals can cause a rash. If the batteries leak, clean the battery compartment with a cloth. If chemicals touch your skin then wash it immediately.
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable (NiCd, NiMH, etc.) batteries.
- Do not continue using the remote if it gets warm or hot.
- Call our Support Center immediately on the support website.

Remote control range information

- The remote control can work at a distance of up to 26 feet (792.5 cm) in front of the TV set.
- It can work at a 30 degree horizontal or vertical angle.

Pairing the remote control

1. Pair the remote to the TV after you power it on for the first time, there will be instructions on how to pair the remote.
2. If your remote fails to pair with TV, keep the remote within 10 feet (304.8 cm) from the TV. You can choose one of the following ways to pair:
 - Method 1: While holding [] button, press and hold [] button for 3 seconds.
 - Method 2: Press and hold [MENU] / [] button at least 3 seconds to start pairing.**NOTE:** For some remotes, it can only function after the TV software is updated.
3. If the remote pairs successfully, a confirmation will display on the screen. If it does not pair successfully, an unsuccessful message will display. Repeat step 2, or you can press [] button to select **Settings > Remotes & Accessories > Bluetooth to On**.

NOTE:

- If an unknown error occurs with the remote, it could have been caused by interference. Try to remove what's causing the interference and pair the remote again.
- If an unknown error occurs with the remote control while the battery power is normal, you can take out the batteries and press any key for 1~2 seconds, and insert them back. The remote control can work normally.
- The remote cannot be paired to the TV while the TV is in the standby mode.

Step 4. Power on the TV

Connect your power cord to the TV and plug it into a power outlet. Your TV will display a launch screen showing the Hisense logo.

Step 5. Complete the first-time setup

The first time you turn on your TV, there is a guided setup to make it easy to connect your TV to the Internet and complete the setup of your TV.

And setup is done, congratulations!

Now that you've completed the first-time setup, enjoy your TV!

Disclaimer: All products, product specifications, and data are subject to change without notice to improve reliability, function, design or otherwise.

Certification and compliance

NOTE: The following warnings only apply to products with such certification.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance of [20] cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with radio frequency exposure limits set forth by the Innovation, Science and Economic Development Canada for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 cm between the device and the user or bystanders.

This device must not be co-located or operating in conjunction with any other antenna or transmitter.
