## BRENTWOOD

SECTIONAL | SM5405

### DETAILS:

Contemporary furniture doesn't have to be boring, and this sectional confirms that. The rich, smoke gray tone of the chenille fabric base complements the dynamic combination of white, black, and brown patterns on the accent pillows. Large box cushions fully encompass the loose backs and seats of the sofa and chaise, which is comprised in part of a movable bottom ottoman that gives it a flexible configuration. Add in the optional chair and ottoman and you have an adventurous ensemble.
