

HERMILLY

SOFA | SM5177-SF

DETAILS:

Sleek design, urbane style, and plush comfort are all wrapped into one exuberant package with this stunning living room ensemble. Sink into these oversized sofa and love seat with classic track arms and T-shaped cushions. Notably, the backrests and throw pillows are adorned with posh faux fur material with vertical channel tufting. The rest of the frame is upholstered in padded chenille fabric, soft and welcoming with its rather neutral gray tone. The lone lumber pillow on each piece features patterns found on the optional ottoman as well -- gray and white diamonds that create a seamlessly chic appeal.
