

GLA-LC-4

STEINEL LC4 Reduced Range Lens Cover

As part of our endeavour to deliver professional lighting and control solutions for the entire enterprise, Crestron is pleased to offer STEINEL PROFESSIONAL products, which are available for sale through authorized Crestron Commercial Lighting system integrators.

Based in Germany, STEINEL PROFESSIONAL has been manufacturing lighting controls for over 25 years. Their product offering includes a wide variety of controls and sensors for indoor and outdoor applications.

The LC-1 provides an aisle starter lens cover for STEINEL HBS 200 High Bay Occupancy Sensors.

The LC-4 provides a reduced range lens cover for STEINEL HBS 300 High Bay Occupancy Sensors.

The LC-5 provides a 180° half moon lens cover for STEINEL HBS 300 High Bay Occupancy Sensors.

For additional information and resources, please visit <http://www.steinel.net>.

Notes:

This product may be purchased from an authorized Crestron dealer. To find a dealer, please contact the Crestron sales representative for your area. A list of sales representatives is available online at www.crestron.com/salesreps or by calling 800-237-2041. Steinel products are covered under Steinel's 5 year warranty.
