Billion Rich Colors

Ultra Luminance

Sound Designed by Harman Kardon™

**LG** **SUPER** **UHD TV** **4K**

## Active HDR with Dolby Vision™

Active HDR analyzes and optimizes HDR10 content scene-by-scene for an even more striking, more breathtaking High Dynamic Range experience. It also supports Dolby Vision™ as well as the new backward-compatible HLG HDR standard, assuring the most HDR content.

## Nano Cell Display

The latest evolution of the LCD panel with the Nano Dot film delivers deep black expressions for rich, natural shadow detail and colors that are truer to the original image, even at wide viewing angles.

## Sound Designed by Harman Kardon™

The LG onboard speaker system has been co-designed by the sound experts of Harman Kardon, and then custom-tuned to provide clean, powerful, full-range audio in the living room.

### PICTURE QUALITY
