

Sofa Bed Assembly Instruction

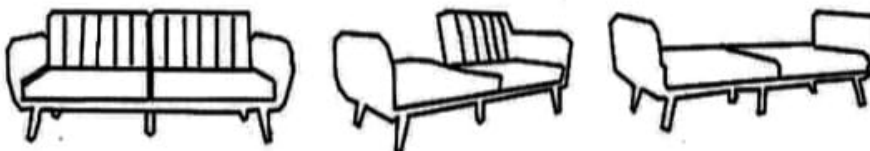

T-1512

Step 1:

A: open the bottom of the sofa and remove the feet and handrails of the sofa

B: align the wooden foot at the bottom hole of the sofa and screw it with hexagonal L screw

Step 2:

align the left and right handrails to the correct position of the sofa buckle car
Make sure you don't shake, OK.

Step 3:

hold the back in the middle

Push up slowly. -hear the "cut".-the sound will hold still.

Warm tips:

After the sofa foot is assembled, it is not suitable to turn over.

It is suggested that the two should be carried flat and flat.

If the operation is improper, it is easy to cause sofa foot damage. Thank you
