

# QXC10S-R/QXC10S-S CEILING SERIES

10" CEILING SPEAKER - AVAILABLE WITH EITHER ROUND OR SQUARE GRILLE

## (1) 10" (254 mm) Laminated Aluminum Honeycomb

The QXC Series ceiling loudspeakers from James include performance that is second to none, and introduce a new low-profile exterior grille for subtle visual design. All woofers are James designed with aluminum cones and Santoprene™ surrounds to allow marine use while maintaining the highest quality sound.

All enclosures are constructed with aircraft grade 5052 aluminum and include white paintable aluminum grilles and use the new James marine rated magnetic grille fasteners.

Perfect for any in-ceiling application where a James SA Series speaker is not necessary, installation could not be easier for either retro-fit or new construction projects. The QXC series uses a unique 3-piece installation method employing a lightweight frame, independent speaker body, and a border-less aluminum grille that protrudes less than 3/16" (5 mm) from the wall which can be painted based on the application - or completely flush with the addition of a pre-construction board. Choose from a square or round grille.

For marine applications, please use the QXC10S-RM or QXC10S-SM, 70V options available.

\*Suggested for use with Atmos, Auro 3D, or DTS:X applications.

### Ordering Notes:

QXC10S-R for the round grille.

QXC10S-S for the square grille.

QXC10S-R-PBF or QXC10S-S-PBF for flush mount pre-construction board.

PBF Flush mount pre-construction board available, allow 3-business days for delivery after order.

R Size	10.84 dia x 6 d (in) 275 dia x 150 d (mm) depth w/grille 6.25 d(in) 158(mm)
S Size	10.84 h x 10.84 w x 6 d (in) 275 h x 275 w x 150 d (mm) depth w/grille 6.25 d(in) 158(mm)
Freq Response	35Hz-120Hz±3dB
Impedance	8 ohms
Sensitivity	87dB 2.83V / 1m
Power req.	150-500W
Woofer	(1) 10" (254 mm) Aluminum
Finishes	White Paintable Grille
PCB	QXC10SPB
PCBF	QXC10S-R-PBF / QXC10S-S-PBF
