

Ease

A Comfort Ensemble

6 Layers working in concert to bring you the most relaxing experience.

- **Cross Knit Cover**

Next-generation Cool-to-the-Touch Cover that is a breathable, textured, circular knit fabric and made from Phase Change Material (PCM).

- **Acoustic Response GelCare® Foam**

Fully recyclable, Quick-Response Foam optimized for acoustic & temperature regulation.

- **VibraPhase Transition Foam**

Harmonizes the comfort layers above and the support layers below.

- **Poly Support “Bass” Foam**

Structural & Sound Support Foam for Spinal Alignment & Mattress Longevity.

- **FR Sock**

Fiberglass-free Fire Retardant Protective Layer.

- **Anti-Skid Bottom**

Purpose-built cloth to prevent shifting.
